Discussion and possible action on a community wide action plan due to extenuating circumstances created by the ASARCO strike

There were discussions on the effect the strike will have on the town. Finance Director Williams told the council that the current finance is based on the town spending \$184,500 monthly. She told the council that going forward, she estimates approximately losing \$65,000 monthly, \$775,000 annually. She told the council that if the town has to start transferring from the LGIP Fund, the town will use the savings in approximately 14 months.
